

Dear Supporter

My role as President of the Dame Vera Lynn Trust is hugely important to me and I have been honoured to have been involved with the School for Parents for the past 14 years.

Over this period we have seen the number of families that use our service steadily increase and our aim is to be able to help everyone who applies to our School and to provide the necessary resources and staff to accommodate them.

Our families attend a weekly three hour session which is structured to focus on achieving success. A highly skilled and professional team teach children and parents using the principles of conductive education, an active programme of learning which helps a child develop physical, emotional, social and communication skills through play activities which are fun. These skills are then incorporated into the child's daily routine at home to maximise their abilities and build confidence and self-esteem in both parent and child.

We cannot do any of this without the support of the community. We receive no statutory funding and need to raise £500,000 each year to ensure that we can continue to provide this vital service. Enclosed is a very personal account from one of our parents on why the service provided at our School for Parents is so important and has had such an enormous, positive impact on their lives and their daughter Grace.

You can make a real difference to support all those families who require our services now and in the future by committing to a monthly standing order. Regular Giving is very important to our charity as it provides us with a regular income and helps us to plan and budget ahead.
